

## Fact Sheet

### WHAT WE DO

Camino is a bilingual and multicultural nonprofit organization based in Charlotte, NC. For over 25 years, we have served the Latino community—locally and abroad—through a holistic approach that addresses both physical and spiritual needs.

We believe true impact isn't transactional—it's transformational. That's why every service we offer is designed to create lasting change in the lives of individuals and families. Inspired by the concept of a pathway in biochemistry, Camino acts as a catalyst, bringing people together to foster health, hope, and opportunity.

### FAITH-FILLED PHILOSOPHY

Camino began with a small group of Christians. A quarter of a century later, our team is much more diverse, and reflective of the diversity of the people we serve. We are not a faith-based organization but we are a faith-filled one. While some of our programs and initiatives are not religious in nature, everything we do is still guided by faith and guided with faithfulness.
